NOTES

Nature of business:

Shrie Corporation Ltd (trading as World of Wines) is a wines and drinks specialist. They sell both online, via Amazon, and have a store at the address displayed earlier. They have been operating since 2012. Up until recently, they had 1600 items on amazon and were selling well, with a projected T/O £1.5m this year.

What they need funds for:

They want to consolidate some existing debts they and buy more stock. Shrie Corporation Ltd have noticed an increasing online demand since last year and the level of walk-in customers are steady. Buying more stock will mean replenishing what they have sold over the last few months and stock for the store, too.

They will also be looking to invest some money into marketing and staffing over the next few months to meet the increasing demand, both online and store.

Financial snapshot:

Shrie Corporation Ltd want to consolidate the following debts and having a bit of cashflow for the coming busy few months::

- IWOCA / £7,000

They took the loan just over a year ago, and with it, they bought stock, started marketing campaigns and employed 2 part time staff members. Since then, as mentioned above, they saw an increase in their T/O and their net worth also increased.

Their bank statement currently shows a returned payment from Bookers, where they were short of cash. Shrie Corporation Ltd have now paid this off.

NO CCJs.
