Notes - e.g. Rationale for lend, what benefit will it provide, new contracts, any further info

The customer is a delivery contractor operating a 5 year contract with DPD. They have 21 drivers currently which turnover £1.1mil in the last 12 months.

They are looking to raise £15,000 cash as in the last few weeks 3 vans have gone in for repair so cashflow is quite tight currently. They also have £13,000 outstanding on a capify loan costing £584 per day, so they would like to refinance this. If this isn't an option, they're happy with just the £15,000

Karen has good, clean credit with around £130,000 equity in her £140,000 home.
