**Notes - e.g. Rationale for lend, what benefit will it provide, new contracts, any further info**

- Website <https://www.essexandkent-electrical.co.uk/>
- Offer a range of specialist electrical services like electrical testing, commercial projects, new build developments etc.
- Business is quickly growing. Grew 1.5m from 22' to 23' and is growing at a constant similar rate so he wants to buy vans, and employ new staff and help cashflow. Has a lot of contracts on order so he wants cashflow to help bridge between these contracts.
- Hiring new staff will help him save money as seen on statements he currently has to bring in a lot of subbies to keep up with demand.
- Statements show they turned over almost £3m so far this year ( Jan to June ).
- Open to offers if can't reach desired amount.
