ADDITIONAL INFORMATION

WE HAVE PERMISSION TO SEARCH THE DIRECTORS AND GUARANTEES ARE AVAILABLE

We have advised the Customer concerned that searches with a credit reference agency will be made against their Name and Business; they have consented to such searches being carried out.

Company Information

Python Security Limited, based in London, offers a comprehensive range of security services to businesses in both the public and private sectors. With a proven track record of success built on integrity, credibility, and strong client partnerships, the company has experienced significant growth. Their services include static guarding, mobile patrols, fire marshals, gatehouse security, and event security, all delivered by SIA-licensed and experienced security personnel. Python Security Limited is committed to providing top-notch security solutions that ensure the safety of clients' assets, staff, and customers.

Company Financials

Python Security has grown from strength to strength and is now turning over an average of £58,000 a month.

Funding Rationale

Python Security Limited is seeking a loan of £50,000 to cover payment term gaps. The loan will help bridge the timing difference between immediate supplier payments and customer receipts, thereby easing cash flow constraints. This injection of funds will ensure smooth operations and enable the company to meet its financial obligations promptly, supporting continued growth and profitability.

ATTACHMENTS

6 Months' Business Bank Statements (They have set up their deposit account as their main account)
6 Months' Business Current Account (These show little to no revenue)
Latest Full Filed Accounts
